Asset manager selection

- TBD by Jon
- Target spend rate — 5%
- https://github.com/osendowment/operations/issues/42

Membership Policy (draft for discussion)

1. **Eligibility Criteria**: Members are individuals who contribute a minimum of $1,000 per year to the OSE and support its mission.
2. **Monetary Contributions**: The gross USD value of donated assets (e.g., cash, stock) is considered, regardless of associated transaction fees that may reduce the net amount. OSE can recognize donations from a member's personal legal entities, like family trusts. Membership automatically commences upon receipt of the qualifying contribution and lasts for the next X days, where X = 365 * gross USD donation / $1000 .
3. **Roles and Privileges**: Members are central to OSE's governance – they shape the lasting endowment for open source sustainability and have the following privileges:
    1. Advising the Board on strategic matters, including grant-making models
    2. Appointing of community-nominated directors of the Board
    3. Participating in exclusive OSE events, online resources, etc.
    4. Receiving regular updates on OSE's activities and development.
4. **Disqualification**: In exceptional cases, the Board may suspend or cancel a membership when a member's behaviour conflicts with OSE's mission or can likely harm the organization.
5. **Non-Monetary Contributions**: In exceptional cases, the Board may recognize the value of labour or other outstanding non-monetary contributions to OSE as qualifying for membership. Membership commences upon Board approval of such contributions and lasts for one year.
6. **Administration**: The Director oversees membership records, tracks contributions, processes renewals, and communicates with members regarding their status and privileges.
7. **Amendments**: The Board may amend this policy to align with OSE's operational needs and changing regulatory environment. Amendments shall not retroactively affect the eligibility of current members.

To be reviewed by lawyers

Other matters

1. No threshold for “co-founding donors”
    1. We still have the membership criteria
    2. More notable supporters + wider nework
2. Soft launch by June 15
    1. Landing page
    2. Social profiles
3. Approve Vlad-Stefan Harbuz as an advisor
4. Any other topics!
